Safety First | Efficiency | Professionalism | Honesty

About COMPANY

The company has been successfully operating in the Haute Uele Province and other regions of the country for the past years. We have undertaken various small and medium sized projects, including construction, road maintenance, drainage construction and drilling.

Our major clients include both private and public entities, such as the Government of the Democratic Republic of Congo, represented by the Provincial Government, the Ministry of Works and Transport (MoWT), the Ministry of Lands, Housing and Urban Development (MoLHUD), humanitarian organizations and individual clients.

VISION

Become the most sought-after contractor in the region by excelling in execution, quality, safety, and on-time delivery, in order to set ourselves apart from our competitors.

MISSION STATEMENT

Our mission is to deliver the highest quality products promptly while maintaining exceptional service standards to consistently exceed client satisfaction. We embrace a culture of surpassing goals, where our clients' vision becomes our mission.

EXPERIENCE RECORD

Ambarau Project – Kibali Solar Power Plant

AHO – Afrique Heritage Opportunity served as a subcontractor on the Ambarau project, a 17 MW solar photovoltaic power plant developed at the Kibali site (DRC) for Barrick Mining Corporation, with Africa Power as the main contractor.

Our mission focused on drainage works, including the installation of pipes and drainage pipes integrated into the stone pitching, as well as the development of internal roads on the site.

Construction and completion of a borehole in Faradje for UNHCR and USAID

AHO – Afrique Heritage Opportunity participated in the drilling of a borehole in Faradje for UNHCR and USAID, in collaboration with SAFRIGEC HYDRO, to improve access to drinking water. The project was carried out during the COVID-19 pandemic, in a challenging operational context, reinforcing AHO's experience in the implementation of essential infrastructure.

EXPERIENCE RECORD

Bush clearing work on the Kibali site for Barrick Mining Corporation

AHO – Afrique Heritage Opportunity carried out bush clearing work on a site in Kibali for Barrick Mining Corporation as part of site preparation and maintenance activities. This project illustrates AHO's commitment to environmental protection and responsible management of the areas in which it operates.

Partnership for Biodiversity Conservation – CARPE Program (USAID)

AHO – Afrique Heritage Opportunity has joined forces with the NGO FODI as part of the Forest and Biodiversity Support Activity project, funded by USAID through the CARPE program, which aims to promote the sustainable use of forest resources and protect biodiversity in the Congo Basin. Over a period of 20 days, a team of experts mobilized by AHO conducted field surveys among communities in four CFCL.
